

MANIFONE PARTNERSHIP PROGRAM

Manifone, an innovative telecommunications service provider is looking to establish partnerships with websites whose target audience matches Manifone's potential client base. Websites of nearly any topic may apply, as long as they have a significant number of visitors who are potential users of our services. As a partner you will get a commission on the volume generated by clients you referred to us.

The Service

Manifone enables its users to make International phone calls with their mobile phones starting at 2p a minute. Unlike many competing products, Manifone does not require the user to change his dialing habits. Manifone has adapted its services so the user does not need to change the way he places calls: pick a contact from the mobile's phonebook, and call. Our service can be used with any mobile phone, with no need to download any software or invest in hardware. It just works immediately after the user sets up his account online. For more details, please have a look at our website:

www.manifone.com

Partnership

Affiliates (Partners) will place a banner or text ad link on their websites, that includes their referrer code, and that will take the client to our website to learn more about our products and open an account. The referrer code included in the link pointing to the Manifone website will guarantee that the client will become the affiliate's referred client if he opens an account. Using our web interface, Affiliates will be able to keep track of clients you referred and commissions generated.

One of the banners proposed

A screenshot of the Manifone website interface. At the top, the logo 'MANIFONE' is shown in blue, with 'International calls on local numbers' written below it. The form is divided into two main sections. The first section, labeled '1 Your phone', contains a dropdown menu with 'United Kingdom' selected, a text input field with '+44' on the left and a question mark icon on the right. The second section, labeled '2 Destination number', contains a dropdown menu with 'Select country' selected, a text input field, and a question mark icon. At the bottom of the form is a green button with the text 'ONE FREE CALL >'.

Manifone also offers a module that partners can integrate into their websites, allowing their visitors to test the service, by placing a free test phone call directly on the partner's website.

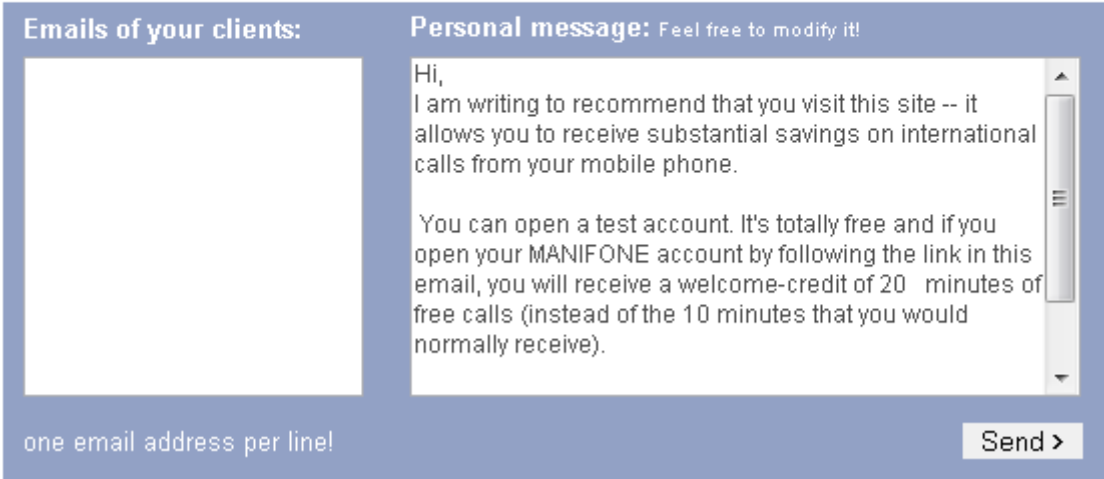

This is a unique tool of its kind, and generates a significant number of new signups.

Having placed a free call, the visitor is invited to open a Manifone account by clicking a link, which includes the partner's referral code and ensures commissions.

Partners have access to an emailing tool integrated into the partner’s web interface.

Email Tool:

Your clients will receive an email with a link that points to the Manifone website and includes your account ID, which guarantees that you will be recorded as their referrer.

We also encourage our partners to develop their own texts, articles and additional marketing materials to help their specific client base better grasp the advantages of the Manifone service.

Once a client opens an account, he receives a confirmation email with his credentials, allowing him to start using the service immediately. Each client receives a free welcome-credit, that lets him test the service before making any payment. Manifone remains in charge of customer service and support.

Commissions

Partners receive 10% commissions on all payments made by clients they referred! Commissions are payable on the 30th of the following month, if commissions have reached a minimum of 50 Pounds in that month.

Partners have the ability to track the results of their efforts in real time, both in terms of customers brought and commissions generated.

Referrals			
Date	Name	Email	Commissions
2007-06-03	Thomas Cook	tc@ [redacted]	18 £
2007-06-10	Andy Roswell	andy43@ [redacted]	10.50 £
2007-06-11	Cynthia Bosworth	c.bosworth@ [redacted]	13.50 £
